

	<p>A beautiful Garden Project, designed by Block and Stone with Resin Bound Aggregate (<i>tailor-made colour</i>) expansive driveway setting off the bespoke garden planters and fencing designed to complement the black and white Hauf House which would later be used in their in-house advertising.</p>
	<p>When the pavement has a severe curvature which caused the Client's car to 'belly', then as a part of the overall project, Block and Stone advised Resin Bound Aggregate (<i>Riviera</i>) not only on the driveway, but also on the pavement. The result is a delightful driveway with great kerb appeal.</p>
	<p>The refurbished residence had a requirement for a driveway which incorporated a veritable melee of varying levels and structures including a sky-lighted basement, and uplighters, and needed to park a rather large 4x4 safely. Resin Bound Aggregate (<i>Morning Mist</i>) laid on a strengthened base and incorporating a gradual flow resulted in a stunning and workable driveway.</p>
	<p>A business requested the name of their business in large lettering as a part of the driveway. After consultation, the Resin Bound Aggregate (<i>Harlequin and Silver</i>) was chosen and the effect is quite impressive, advertising at a premium.</p>

	<p>An original design by Block and Stone, giving a very contemporary and sensational look to a driveway with beige sandstone paving set in Yorkshire cream gravel, up-lighting and bespoke railings along with bull-nosed step paving ...</p>
	<p>Block Paving driveway in two colours, laid in a 'herring bone' pattern with charcoal brindle edging to compliment the existing brickwork of the house.</p>
	<p>A garden project devised by Block and Stone, excavating the existing country garden to transform into an 'up to the minute' executive garden complex incorporating a swimming pool, Bamboo privacy screening, composite board decking and colourful flower borders ... perfect for social parties and evening soirees.</p>

	<p>A dream Koi fish pond, designed and build by Block and Stone with a central viewing window .. the Clients were over the moon with their completed garden project, which included a rear garden suitable for their dogs to run around in and an undulating country meadow effect.</p>
<p>More photo Posts if needed?</p>	
	<p>A stunning Resin Bound Aggregate driveway in <i>Cappuccino</i>, which complements the house brickwork, creating a useable space to park the family vehicles while also having an interesting curved flower bed, with a brick edging and incorporating Electric gate tracks.</p>
	<p>Landscaping on varying gradients: the Resin Bound Aggregate (<i>Carnival</i>) flowed beautifully, effortlessly taking into account the differing levels and achieving an expansive stunning patina.</p>

The second of two identical alluring flawless sweeping Resin Bound Aggregate (*Cappuccino*) driveways incorporating Electronic gates for these new builds. The Client was delighted with the final finish and elegantly complimenting the brickwork.
